Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 16 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Patchy fog clearing to bright or sunny spells.

Today:
Any early fog patches will lift by mid-morning and whilst there will often be large amounts of cloud, there will be some bright or sunny spells. Just a small chance of an isolated light shower. Maximum temperature 17 deg C (63 deg F).

Tonight:
Dry with clear spells this evening, then clouding over with rain spreading in from the west, giving most places a wet end to the night. Becoming breezy near the coast. Minimum temperature 11 deg C (52 deg F).

Sunday:
Cloudy with outbreaks of rain and drizzle though Monday morning and foggy over higher ground. Remaining cloudy and damp during the afternoon, but with the breeze easing. Maximum temperature 17 deg C (63 deg F).

Outlook for Monday to Wednesday:
Changeable conditions will prevail over the next few days with spells of wet and windy weather interspersed by some drier interludes. Generally mild by day and night.
